

Departmental policy for Slow Learner's and advanced learners

Course:- Disaster Management

The Department adapts multi-dimensional assessment approach to identify students who are academically gifted and challenged. It helps the teachers to gauge the knowledge level of students and to categorize them as Advanced or Slow Learner's. The Department has framed the assessment on the basis of different parameters to analyze students' learning capacities, reasoning capacity, logical thinking and conceptual knowledge. Those securing below 55% are identified as Slow Learner's learners and those securing between 55% to 70% as Medium Learner's and those securing above 70% are identified as advanced learners. Special sessions are held separately for slow learners, Medium Learner's and advanced learners.

Advanced learner's are those students whose understanding is relatively advanced than other students in the class and attain high scores. They have more potential and talent in the class. Slow Learner's on the other hand mostly lag behind in their academic pursuit and find it difficult to understand the subject. The poor performance may not be a sign of the poor capacity or talent but may be due to inappropriate teaching methods, socio-economic background, lack of motivations and support, unorganized learning practices or even the inability to converse in devised Medium Learner's.

Strategies undertaken for tackling Slow Learner's and advanced learners: -

Slow Learner's Learners: After the identification of the learners, the following strategy is adopted: -

- (i) **Remedial Classes:** The remedial classes are conducted regularly for the identified Slow Learner's, as per the schedule prepared. During these classes, teachers are expected to engage in problem solving exercise, provide additional study materials and notes, etc. to the students, direct their creative energies towards concept clarification so as to bridge the knowledge gap & enable them to cope with the academic course to which they are enrolled.
- (ii) **Organize workshops/seminars/guidance programmes for enhancement of communication skills and art of reading-learning.**
- (iii) **Guidance through mentor-mentee scheme:** Mentoring and connecting with faculty members would set up a healthy relationship between the students and the faculty. Small groups of 3-5 students with a faculty mentor is formed for discussions and open thinking towards the self.
- (iv) **Conducting activities to enhance their critical and problem solving skills, orienting them to think.**

Advanced Learner's:

- (i) Advanced assignments or tasks would be assigned to advanced learners.
- (ii) Guidance to crack competitive examinations and orient them for better career planning and growth.

- (iii) Stimulating the research aptitude by giving them an opportunity to pursue internship/acquire hands on training on projects beyond the curriculum.
- (iv) Inspire them to get engaged in certificate/value added courses to nurture their skills on SWAYAM, NPTEL, Course etc.
- (v) Motivate them to participate in group discussions, debates, elocution, quiz to develop analytical and problem-solving abilities.
- (vi) Organize activities to polish their critical thinking abilities.
